ONLINE SESSION - CAJUN - 2020 GRADE Sorrel Belgian/QH Gelding. Cajun is a half Belgian half Quarter horse gelding that stands 16.1 hands tall, weighs roughly 1300lbs, and wears a number 3 shoe. This big stout gelding has all the bone and shape you could ever want out of a crossbred horse. Cajun does not move like a big horse, he's very smooth and broke in the bridle. He lopes, stops, and rolls back, all in a soft and correct manner, this stout horse knows where his feet are and can move like a little cow horse. Cajun has been used all over the ranch and stockyards; he has gathered cattle out of big country, sorted cattle, ran gates, loaded and unloaded trucks, roped cattle in the feed yard, and much more. We have also used Cajun to help pony and break colts, he does a fantastic job of holding rope and having a calm and cool mind. This gelding is also broke to drive and has been used to plow fields and put up hay, but has been primarily a saddle horse for the last two years. There's not much this crossbred horse hasn't done but yet has loads of potential to go in any direction you would like. He would make a great; pickup horse, rope horse, outfitter horse, trail horse, driving horse, or continue to be a top notch ranch horse. Little John is broke to ride and drive, he's broke to drive single or double. He was broke to drive first and has a lot of experience pulling a cart and buggy. He has been primarily a saddle horse for the last 8 months. We have used Little John to gather cattle, drag calves to the fire, load and unload trucks, trail and pleasure ride, and just about anything else you can think of. This gelding may be on the shorter side but he can do any job a tall horse can do. He's stout, strong, and has lots of heart. Little John matches his rider, he can go as fast as you need or as slow as you need. He's not only a ranch horse he does very well on the trails as well. He can be in the front, middle, or back of the string. This gelding has a very smooth walk, trot and lope which makes him a pleasure to ride. Pony Molly Mule!! Loves People & Attention

ONLINE SESSION - SWEET PEA - 2018 GRADE Black Pony MOLLY MULE. At 40", Sweet Pea is just the sweetest little mule ever. EXTRA GENTLE - She is so kind, not at all your typical mule or pony. She has NO bad pony or mule habits. She loves people and attention especially kids. She will come find you anywhere and is super easy to catch. She has never offer to kick, bit, run off or do any of the bad habits that mules and ponies are known for. Our kids have played with her for the past year and she loves every bit of it. Sweet Pea is very patient and laid back with our 3 year old taking her over all the trail obstacles, if our daughter trips and falls when leading her, Sweet Pea just waits patiently for her to get up and they go again. She is great with her ears and feet, easy to saddle and bridle. She is excellent for that first beginner/lead line rider but she has been rode out independently by older kids. She has been trail rode and rode around the ranch moving cattle. She will go where she pointed, crosses water, ditches, downed timber and goes through the trail obstacles. Sweet Pea is great with the dogs, cats, alpacas, yacks, poultry, they don't bother her and she doesn't bother them. Sweet Pea gets along well in a mixed herd of ponies and horses, she is in the middle of the group, she doesn't bother anyone but she doesn't get picked on either. She is also happy in a pen by herself or in a box stall. She is easy to load, stands well for the vet and farrier. She is up to date on worming and vaccinations. She has NO bad pony or mule habits. She loves people and attention especially kids. She will come find you anywhere and is super easy to catch. She has never offer to kick, bit, run off or do any of the bad habits that mules and ponies are known for. Our kids have played with her for the past year and she loves every bit of it. Sweet Pea is very patient and laid back with our 3 year old taking her over all the trail obstacles, if our daughter trips and falls when leading her, Sweet Pea just waits patiently for her to get up and they go again. She is great with her ears and feet, easy to saddle and bridle. She is excellent for that first beginner/lead line rider but she has been rode out independently by older kids. She has been trail rode and rode around the ranch moving cattle. She will go where she pointed, crosses water, ditches, downed timber and goes through the trail obstacles. Sweet Pea is great with the dogs, cats, alpacas, yacks, poultry, they don't bother her and she doesn't bother them. Sweet Pea gets along well in a mixed herd of ponies and horses, she is in the middle of the group, she doesn't bother anyone but she doesn't get picked on either. She is also happy in a pen by herself or in a box stall. She is easy to load, stands well for the vet and farrier. She is up to date on worming and vaccinations. PPEs wel-

Black Draft Cross Colt

ONLINE SESSION - ROCKSTYLE - 2019 GRADE Brown/Black Draft Cross Stallion. Here's an opportunity to own a one of a kind draft cross stallion. Creatively named "Rockstyle" by our then 3 year old daughter. We've raised this big guy right here at home on the ranch since he was a 2 year old and he's has been a real pleasure to own. They don't get much more magnificent than him standing at a solid 16.3hh and weighing in at 1700lbs with movie star good looks and personality to match. Percheron crossed with quarter horse and Andalusian to give him beautiful flowing movement and athleticism for days he turns heads everywhere he goes. We've had several foal crops from him and he pasture or hand breeds. Great to catch and handle and a gentleman with the mares and foals. His babies are proving to be just as nice as him all have been passed on his good looks and easy trainable temperament. Tons of potential here to raise crossbred colts for the discipline you wish, whether it be dressage, equitation, ranch and pickup horses or even just some super fancy horses to take you down the trail in style. We have kept back his foals as replacement fillies and our main bunch of mares have aged out so with great difficulty the decision was made to offer this guy to a new home where he can continue producing some first class babies. He has been started and had a few rides in order to prove trainability and he passed with flying colors. Well socialized, he lives with our geldings all winter with zero issues. Thanks for looking feel free to contact anytime for more info! VIDEO: Contact Seller. 403-601-0900. Coggins. MO125

ONLINE SESSION - MIGHTY MOUSE - 2018 GRADE Grullo Paint Draft Cross Gelding. The barn favorite!! Mighty Mouse is in your pocket type. He is a people pleaser and very willing. He is as solid as the day is low. Knows his leads, sidepass, counter bend, good head set, just starting to get handy in the bridle. You can swing a rope, rope his legs and drag a pop up barrel. He is so willing it wouldn't take much to get to become a flashy ranch gelding. He is a GREAT trail horse. Mighty Mouse have never offered to buck even with time off. He is always the first one to be caught out in a pasture or a pen. 16hh, good to haul, tie, bathe, and shoe. Up-to-date on all vaccines, teeth, shoeing and worming. Watch his video you won't be disappointed. VIDEO: <https://youtu.be/q57HADMX794?si=pvK8Vcz3MMCOZGdp> FMI: 406-580-3299. Coggins. MO157

ONLINE SESSION - BADGER - 2016 GRADE Grullo Gelding. 15.2hh. Flashy, gentle and a great minded gelding. Badger has been roping on the heading side. He places numerous times

at our local Rodeo. He's really showing great potential as a head horse. But the best part about badger is he will also shut right back down and be a beginner trail horse or arena horse. You can rope the heel-o-matic all day long. He loves to ride outside on the trail or up the road. He does great out and about on a trail ride with others or by himself. He's a no nonsense kind of horse. Everything we throw at him, he takes it like an old sole. Badger has all the gentle foundation done to become a great horse. He shoes, loads, and ties great. If you are looking for flashy classy gelding Badger is your man. VIDEO: <https://youtu.be/wvF3Hh2GW88?feature=shared> FMI: 406-580-3299. Coggins. MO159

We haul her to rodeos for him to shag roping cattle and she has always done great. He rides her on the ranch gathering cattle, I don't think there is one square inch of the ranch they haven't covered. He takes her through the creeks and up and down every hill they can get to and a few they probably shouldn't get to crossing every bit of deadfall along the way. Cricket is a great size for the kids standing at 13.1 hands. She is gentle and good and kind. The kids catch her, saddle her, bridle her and take off by themselves without troubles. Broke and Gentle!!

BLACK MOUNTAIN OUTFITTERS OFFERING/SCOTT & SANDY SALLEE - ONLINE SESSION - WAR PONY - 2017 GRADE Bay Paint Mare. War Pony is a broke, gentle, 14.3 hand nice-looking mare with a good neck rein and stop. She will ride by herself or with others. She was used as a guest horse on one-hour rides before we bought her, then we used her as a wrangle horse in our wilderness camps. She will stand tied by herself but is happy to be with the bunch. War Pony can really travel and has a great walk, trot, and lope. We rode her bareback with a halter quite a bit. She is both hobble-broke and picket-broke by a front foot. She will go up the mountain daylight or dark and is sure-footed over deadfall. She has led the pack string, and held mules while they were packed with elk meat. She is a sensible smart mare. War Pony has a superficial scar on her left shoulder from scraping an irrigation wheel line on pasture this winter. We had the vet stitch it and it's skin only and healed well. She was exposed to a bay roan 15.2 hand quarter stud last summer. Current on vaccinations and wormer. <https://blackmountainoutfitters.com/> For more info, photos or a video email blackmtn2@aol.com VIDEO: Contact Seller. FMI: call 406-222-7455 or text 406-223-8380. ONLINE SESSION - CHAVEZ - 2012 GRADE Bay Roan Half Draft Gelding. All Around Half Draft Gelding - 16 hands - 1400 pounds. If you're looking for an all-around, big, stout gelding that is sure footed, safe, gentle and quiet; look no further. Chavez has been my main mount for the last 6 years, he is the same horse every time, give him time off with no issue. He has numerous ranch rodeo wins under his belt, has picked up ranch broncs, carried multiple flags for rodeos, and will switch ends team roping. Chavez will fit any level of roper or rider. He is a personal favorite of our 8-year old sons to ride. We use him for our guests and the more novice riders that come to the ranch, he is safe for truly anyone. He will side up to a fence, trailer, or mounting block for you to get on. This gelding has done it all, and takes it in strides. He is the one I catch to get the job done or haul to town. From moving cows, riding on yearlings, the branding trap, feedlot, doctoring outside alone or with others. Load one by yourself, step off and work your rope, or take him down the trail with your friends or alone. Hobble broke, wears a size 4 shoe, good

to bathe and haul. Has a cosmetic scar on his neck from a stud bite as a baby, does not affect his soundness. Chavez has been hauled from Montana to Arizona. He will take care of you, wherever you may find yourself. VIDEO: Contact Seller. FMI: 406-480-1203. Coggins. MO124

ONLINE SESSION - ROCKSTYLE - 2019 GRADE Brown/Black Draft Cross Stallion. Here's an opportunity to own a one of a kind draft cross stallion. Creatively named "Rockstyle" by our then 3 year old daughter. We've raised this big guy right here at home on the ranch since he was a 2 year old and he's been a real pleasure to own. They don't get much more magnificent than him standing at a solid 16.3hh and weighing in at 1700lbs with movie star good looks and personality to match. Percheron crossed with quarter horse and Andalusian to give him beautiful flowing movement and athleticism for days he turns heads everywhere he goes. We've had several foal crops from him and he pasture or hand breeds. Great to catch and handle and a gentleman with the mares and foals. His babies are proving to be just as nice as him all have been passed on his good looks and easy trainable temperament. Tons of potential here to raise crossbred colts for the discipline you wish, whether it be dressage, equitation, ranch and pickup horses or even just some super fancy horses to take you down the trail in style. We have kept back his foals as replacement filly's and our main bunch of mares have aged out so with great difficulty the decision was made to offer this guy to a new home where he can continue producing some first class babies. He has been started and had a few rides in order to prove trainability and he passed with flying colors. Well socialized, he lives with our geldings all winter with zero issues. Thanks for looking feel

They both have been used on the ranch and are not strangers to very steep country or hard work. They love people and are easy to be around, you can ride them in a group or off by themselves with no problems. They cross rivers, logs and do well on rocky trails. They really have seen it all. These two are a great team and have pulled as singles, doubles, triples and quad horse hitches. Fed cows in Wyoming, with both wagons and sleighs. They EVEN have been in Live Action Role Playing Games so they are used to odd noises - swords clashing, armor clanging. To say they are well rounded is an UNDERSTATEMENT!! They would be a great addition to your program or outfit. Good to handle and pleasant natured for most all riders. THEY WILL GET NOTICED!!
