Wowk Ranch & Miller Horses Offering

**Wowk Ranch & Miller Horses
Production Offering
Beauvallon, Alberta Canada & Moore, Montana
780.210.2503 or 406.380.1154**

Miller Horses is located in the heart of Central Montana near Moore. Reuben and Linda Miller have been raising and selling horses since 1985. In 2015, sons Steve and Andrew started taking a more integral role in the family business. We take pride in finding our customers the right horse whether it be for riding, driving or a horse that will combine the two. Our horses are used in just about every aspect you can think of...farming, ranching, trail riding, driving and hunting camp. We run a small feedlot where we feed out our ranch raised beef. We also enjoy helping many neighbors out during the busy branding and shipping seasons. Our knowledge of driving has placed teams all over the US including Hawaii and Alaska. Our riding horses are being used for everything from ranch horses to trail horses to rodeo pickup horses.

While we have dabbled in many different breeds over the years, we have narrowed it down in recent years to primarily Quarter Horse, Percheron, Friesian and crosses of the three. Currently we are standing a registered, steel grey Percheron stallion; a registered, coal black Friesian stallion and a Noriker/Percheron cross blue roan stallion. Our broodmare band includes AQHA and grade QH mares, Percheron and draft cross mares as well as some Paint and Spotted Draft mares. This variety of blood/breeds has produced some truly phenomenal and diverse horses. Please feel free to reach out with any questions. 406-380-1154

Sage is an experienced mountain trail horse. She does all the basics a gal outta know. She is gentle and I have carried flags and done trick riding on her. This last summer she went on an overnight trip up the Pryors with a novice rider. She crosses water and logs like a pro. Been there done that when it comes to trail type stuff. She is not an arena horse type and never will be, it's just not her calling. She however is looking for her next rider to take on the trails. Utd on vaccines and just got her feet done. Red
2007 Grade Red Dun Mare
Samantha Job Blanchard, ID

15hh. This gal is the Steady Eddie type. In the arena, she is absolutely kid safe and beginner friendly. Red doesn't care about much, whether it be packing a flag, pool noodles, standing on her back, or other scary obstacles. She neck reins well, moves off your leg, side passes, collects, spins, and is a very hard stopper. Great to work young colts off. Red would be perfect and safe for a 4H kid, jr. rodeo, or even someone wanting to start some introductory level reining. She has all the buttons and is a sweet, willing mare. In the mountains she is very sure footed, highlines, crosses anything and everything, and packs game great. Suited for more of an intermediate or above rider in the mountains as she has a "go home" gear. Cosmetic scar on hind left that causes no soundness issue. VIDEO: Contact Seller. FMI: 208-627-6093. Karat has been a huge part of our ranch and horse program for the past three years. In that time we have literally done everything that we know how to do on the back of a horse with him and he has done it all exceptionally well. We ride pastures checking cows and fences, we have roped outside cattle on him, we started heading some steers this last year on him too. He is without flaw in and out of the arena. He is a gentleman to the core. He has never bucked with us. We ride him bridless all the time. Karat is really fun and easy to ride, so easy that we have 100% confidence putting any caliber rider on him. Karat is truly one of the nicest, dependable, reliable horses on our ranch. Deep gold coloring, long mane, cute face, and a plump rump. Has been used on trails for the past year. Could go all day in the backcountry or the arena. One of the smoothest horses we have ever ridden. Not much bothers him on the trail. He would make a good pack horse, he ponies super well. Loads and travels well. Doesn't need much to maintain a healthy weight. Does best when used at least a few times a month. Gets anxious when tied alone but does great with others. Reason for selling- he does not fit our trail program which caters to riders who have never ridden a horse before. Scar on right hock, does not affect riding. Blizzard is a 15.2 hand, very handsome buckskin gelding. He is correct and straight in every way. Blizzard has been an important part of our ranch and horse program for two years now. In the past two years we have ridden him for most every task thinkable. We check cows, ride fences and just go on casual trail rides on him. He is no stranger to any of lifes outside obstacles. Blizzard is a great arena horse too. He neck reins, stops and is very, very smooth traveling. Most recently the dipshit boys that come over following my daughter around have figured out that even they can ride Blizzard, so it's time to go! I am selling Blizzard and will be reinvesting in some young rotten stud colts, that should fix them! Whoever gets Blizzard should love him, he has been exceptional to us. HANKS FROSTY DOC – 15.2hh. His looks will catch your eye and his personality will grab your heart!! His resume checks every box. Ranch using horse at its finest. He is good in rough terrain and is a smooth traveler. Doesn't get hot or nervous when you put him in a tight spot. Although General is a big horse he is very athletic and moves around with ease. He has a trot and lope you can sit all day. You can ride him with your reins, feet or a piece of twine string. Will travel off alone with no problems. You can use him for the toughest job on the ranch or let a beginner rider use him. In my opinion he is an all-around horse. He has never offered to buck or be tight even after months off. Peter is 15 hands and is a red roan and white mule. I have owned Peter for 4 and a half years. He rides one handed level headed and never gets fresh. Peter will be soft in his face and rib cage. He will one step lope and take his leads. Has a big stop and good spins. He has been trail ridden, loaded many semis of cattle and used on the ranch from sorting pairs pulling bulls and catching loose cattle. I have used him at many of the Iowa cutting futurities to turn back on and load and unload cattle. Peter is great with his ears and feet. He is sound and gentle and saddles up the same every day. Peter has been my personal ride for many years and only reason for selling is I just don't ride him enough and don't want him going to waste. Videos and pictures will be available. 14.3 hands and growing. You don't come across blue roan stallions with a brain like this often. This colt is gentle and willing. Roan Zone has a smooth walk, jog, and lope. He has a good introduction to all basic reining maneuvers. Roan Zone has even been rode bridle-less with ease. He can collect, side pass, and lope some nice circles with a fantastic stop. Roan Zone has been used in the mountains and has been a dream to pack on several week-long trips to the backcountry. He will cross logs, bridges, and water with ease. Roan Zone is ridden with mares regularly without fuss. With another year to grow and mature, I easily could see this colt being grandma, husband, and kid safe. The vet calls him sound and he has clear radiographs of the front on file. That being said, we do see the occasional bad step in the front. This could potentially just be age. You could have a gentleman of a stallion with color and brains, or a knockout show and mountain gelding here. He is calm, collected, and willing in every way. VIDEO: Contact Seller. Whether for roping, riding, ranching, or recreation, we're at the heart of horse country, where horses are a daily part of life.

Licensed and bonded under Montana Department of Livestock guidelines, BLS is Montana's first livestock market since 1934, also adhering to USDA Packers and Stockyards standards.

Since 2020, over 7,000 registered online buyers - a unique, dedicated buyer base, not shared with other sales.

Indoor performance previews available for various horses, with necessary facilities provided.

Transparency and pride in our offerings: detailed information on every horse, with regular website updates.

Join us in 2024, either in person or online! We offer holding, hauling, and insurance services.
