ONLINE SESSION – SOUL – 2024 GRADE Buckskin Mare. 1 year/3 months old. Her momma is a Bartlett mare purchased for breeding purposes. Somehow the wrong papers came home with us. We continued to breed her because, although her babies must be sold as grades, she has never failed to produce some of the best foals in the bunch. This gal is proof. On the top side, her kind eye, conformation, and disposition says she's a WYO Sparky. She's going to prove out as someone's ranch favorite no matter where she goes. Groundwork is complete. She grew up in the western North Dakota badlands and is no stranger to navigating rough country. Microchipped. VIDEO: Contact Seller. FMI: 701-421-8123 Sale Day: 701-421-7414. Coggins. CO37

Special Offering from North Country Quarter Horses

Fred, Linda and Grace Finke • Big Sandy, MT
www.northcountryquarterhorses.com
406.378.3199 406.262.3407

North Country Quarter Horses (NCQH) is a family-owned ranch in North Central Montana, owned by Fred and Linda Finke. The ranch is located just West of Big Sandy, MT; 30 miles west of the Bear's Paw Mountains and 45 miles south of the Canadian border. NCQH grazes our horses in rough, rocky, flat terrain year-round. Our herd is exposed to extreme heat and bitter cold. This environment helps to create hardy, tough horses that can thrive anywhere. NCQH also run a commercial cattle business. We raise our horses to not only perform in the arena at all levels of competition, but to work cattle and cover ground on the ranch.

The stallions at NCQH are well bred AQHA horses that possess good feet and bone, great dispositions, speed, agility, and conformation. We strive to establish excellence in all aspects of a working or performance horse; stamina, eye appeal, talent, and substance. We focus on breeding performance bred stallions to mares that are both performance and ranch prospects. We select mares to compliment our stallions in order to find the perfect balance of speed, performance, cow and foundation lines. Our mares must have keen feminine heads, friendly dispositions, quiet minds, good withers, solid feet, big bone, and size. NCQH cattle are run on big native pastures year-round. We calve in May and June and wean in early December. We have a strong conservation ethic here at NCQH. We work very hard to enhance the natural beauty of the area. Striving to be good stewards of God's creation, we mimic a migrating herd by rotating cattle through many large pasture paddocks. We move and work our cattle using our stallions and ranch raised horses. We use traditional methods for branding and herd management in which our horses are used extensively. We not only raise these horses; we use them ourselves on a daily basis.

NCQH invites you to come take a walk through our pastures. Look at our broodmares and meet our stallions. If you are looking for quality horses that can be used on the ranch or to win at any level of competition, this is the place to look. We hope to see you soon.
